## Projects

---

### Real-Estate Management App

- This app serves as an all-in-one solution for property listings, and enquiries.
- It provides a smooth experience for stakeholders, such as real estate agents who manage listings, and admins who oversee operations, the platform may cater to buying, selling, renting, and property management needs.
- -link: <https://mern-estate-xjyv.onrender.com/>
- Implemented backend with MongoDB and Express.js while enhancing UI using React.js.

### E-commerce web app

- The official goal of this e-commerce web app is to create a seamless shopping experience for the user by providing a friendly user interface, and secure transactions, for administrator and store management.
- -link: <https://e-commerce-2boz.onrender.com/>
- Implemented backend with MongoDB and Express.js while enhancing UI using React.js.

### English Dictionary

- It acts as an interactive tool for anyone interested in expanding their vocabulary and improving language skills, with integrated text-to-speech functionality which is helpful for language learners and those practicing new words.
- - link: <https://opeyemi-2018.github.io/dictionary/>
- Implemented with ECMAScript 6 Javascript.

## Education

---

OLUSEGUN AGAGU UNIVERSITY OF SCIENCE AND TECHNOLOGY, ONDO STATE NIGERIA      Aug 2021 - Sep 2025  
BACHELOR OF SCIENCE (B.Sc).
